Android Auto and Apple CarPlay

With Android Auto and Apple CarPlay certified apps of compatible smartphones can be accessed with the infotainment system.

Check with your phone vendor if your phone is compatible and if Android Auto or Apple CarPlay is available in the country you live in.

To use Android Auto and/or Apple CarPlay:

1. Download the Android Auto app to your phone from the Google Play store. There is no app required for Apple CarPlay.
2. Connect your Android Phone or Apple iPhone with your USB cable to the designated USB data port. Use your device's factory-provided USB cable. Aftermarket or third-party cables may not work.

To use Android Auto, certain device settings may need to be enabled on the Android phone itself.

To launch Android Auto or Apple CarPlay, press .

Note: To charge a smartphone's battery without starting phone projection, disable Apple CarPlay or Android Auto (step 2) and then connect the phone with a USB cable with the infotainment system.

Note: Only applicable if your vehicle is equipped with Opel OnStar. 4G LTE Wi-Fi hotspot might not be available in certain countries.

OnStar is your personal connectivity and mobility assistant.

To sign up for OnStar, please contact your Opel dealership or press .

OnStar buttons

Three OnStar buttons are located in the overhead console (or interior mirror) in the vehicle.

- Access OnStar **Wi-Fi** settings menu.
- Accept incoming/end current OnStar advisor call.
- Activate location masking. Press and hold until you hear a voice prompt to enable/disable location masking. While enabled, the vehicle location is only transferred to OnStar in case of an emergency. Location masking setting will be kept until changed back.

- Connect to an OnStar advisor (e.g. for a remote diagnostics check, to book a hotel room or to find a free parking space).

- Place an emergency call that connects you with an OnStar advisor (e.g. in any case of an accident or medical emergency).

OnStar Wi-Fi hotspot

To connect a mobile device with the OnStar Wi-Fi vehicle hotspot:

1. Start a Wi-Fi network search on your mobile device.
2. Select your vehicle hotspot when listed.
3. Enter the password on your mobile device when prompted.

Press  to access the OnStar Wi-Fi settings to find out the vehicle hotspot name (SSID) and password.

For more information on OnStar and your infotainment system refer to the owner manual, press  or visit us online.
