

Crossland

Confidently British

At Vauxhall, we believe great cars are for everyone. We're part of the fabric of British life – finding smart ways to make life better for the nation's drivers. It's a journey of progress that unites us all. And to us, the future has never looked more exciting. Take a look at the Crossland to see what we mean.

How to use this brochure

This brochure showcases some of the highlights of the Crossland. Please note that some of the vehicles shown include options available at extra cost and not all of the features described are available on every model. You can click through to the [Crossland Price and Specification Guide](#) for all the latest details.

Versatility has never looked this good.

The Crossland is Vauxhall's most practical SUV. With just one look you'll notice the unmistakable Vizor and muscular stance. Step inside and you'll experience premium comfort and style with all the space and versatility you'll ever need. Then get behind the wheel and enjoy an all-round smooth, and commanding drive.

So, let's take a closer look.

Never go unnoticed.

Crossland delivers Vauxhall's bold design language. From the front, the dynamic Vauxhall Vizor takes centre stage, flowing effortlessly around the LED headlights. This look is complete with a high-gloss black tailgate panel with Crossland lettering, and a fresh set of alloy wheel designs. Go for the sportier GS Line and really stand out with red window accents* and a contrast black or white roof, not to mention a unique GS Line sports interior complete with striking red seat stitching and facia inserts.

*Selected exterior colours only.

Arrive in style.

You'll love the Crossland's thoughtfully uncluttered interior, with plenty of space, light and all-round visibility. Premium-class highlights include smart fabrics, like the Alcantara cloth, and a unique GS Line interior made all the more distinct with striking red seat stitching and fascia inserts.

So wherever Crossland takes you, you're sure to arrive in style.

Sitting comfortably?

Sit back and enjoy the ride in Crossland's intuitively designed interior. Ergonomic active front seats keep things comfy, while the option to have them heated – along with the steering wheel – adds an extra level of cosiness. And as you're sitting comfortably, you can enjoy the Crossland's touchscreen infotainment and satellite navigation at your fingertips.

Real life ready

Space is generous in Crossland. And you can split it, expand it and make it even more flexible. The boot's a generous 410 litres, and with a simple slide or fold of the rear seats, you've got space for anything from giant plants and awkward pushchairs to a car full of kids and a boot-load of flat pack furniture.¹

Space to start living

You can split the rear seats 60/40 and slide them forward or back¹ to expand the boot space up to 520 litres. Or, if you flip the back row of seats flat, you've got a whopping 1,255 litres.

Fold and Flex

The rear seat backs and armrest¹ fold down separately to make room for storing long and unwieldy objects. While the FlexFloor load compartment increases functionality even further, allowing you to lower the load area floor if you need more space¹.

¹Standard on certain models only.

Turn it up.

There's nothing quite like a long drive with your favourite music. That's why Crossland brings you a Multimedia infotainment system, that connects to your mobile device using Bluetooth®, Apple CarPlay or Android Auto™, and projects it seamlessly to the 7-inch colour touchscreen.¹

What's more, you'll get satellite navigation as standard on selected models too.

¹Compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems.

Best mates with your mobile

There are less plugs and more play with the Multimedia infotainment system. It connects through the USB¹ and projects your phone onto the high-resolution 7-inch touchscreen display, perfect for connecting all your devices and streaming audio. And with digital radio too, the musical possibilities are endless.

It knows its way around

With 3D navigation on the big 8-inch colour touchscreen, the Multimedia Navi Pro gets you where you want to be – fast. It'll even search for a point of interest like the nearest car park or petrol station and then direct you to it. Genius.

For more detail on the Crossland's infotainment features please click through to the Crossland Price and Specification Guide, vauxhall.co.uk/gocrossland ¹The majority of phones, MP3 players and tablets can be connected by either Bluetooth® or USB connection. Please note, you may need to change your connection method (i.e. from Bluetooth® to USB cable) if you want to access another function on your phone. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc., also registered in the U.S. and other countries. Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems.

Making every day easier.

Stay safe and one step ahead with the Crossland's innovative safety features. A super smart front-facing camera looks out for you, warning you if you drift out of lane and reading speed signs to help you stay within the legal limit. While a rear facing camera¹ makes light work of tight parking spots.

Completing the list is an intelligent driver drowsiness system and sensors that alert you if you need to brake suddenly, or even automatically apply the brakes... we told you it was smart.

¹Standard on certain models.

Speed sign recognition

Smarter, safer and helping you avoid fines, the Crossland's speed sign recognition system detects and alerts you to current and changing speed limits.

Automatic emergency braking

When you're out on the road, this ingenious system detects both vehicles or pedestrians and warns you should you be approaching them too fast. In certain situations, it will even brake automatically to slow you down, how clever is that.

Lane departure warning

If you drift out of your lane without signalling, this warning system alerts you with a sound and a visual warning.

Driver drowsiness system

This potentially life-saving safety feature monitors your driving time and behaviour to help prevent accidents if you seem tired.

Efficiency made fun.

Crossland is driven by a range of super-efficient petrol and diesel engines with manual or automatic transmissions to suit every driving style, from school runs and city commutes, to weekend road trips and family breaks. And thanks to the superbly-engineered chassis dynamics, Crossland is fun to drive too.

VX_CRO_31438

Simply brilliant.

We want to make buying your Crossland as stress-free as possible. With an easy-to-understand three-car line-up, with no complicated options or add-ons to choose from, we've made it even simpler to choose a Crossland that suits you perfectly.

VX_CRO_33271

The finishing touch.

Crossland's style wouldn't be complete without a head-turning colour. So, for Crossland, we created a range of brilliant, metallic and premium finishes to shape your perfect mood. As well as a range of roof colour combinations. Here are our favourite mixes.

*Standard exterior paint for Crossland. **Optional at extra cost. Not available on GS Line. †Optional at extra cost. Please refer to the latest Crossland Price and Specification Guide for details of colour availability by model and price, by clicking through to [vauxhall.co.uk/gocrossland](https://www.vauxhall.co.uk/gocrossland) The colours reproduced may vary slightly from the actual paint colour. As a result, they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of our paint samples.

Step inside.

Whichever Crossland model you choose, you can expect premium styling and out of this world comfort.

You'll be sitting pretty

Our ergonomic active front seats¹ can be fully adjusted so you're always sitting comfortably. Designed to help you avoid back pain on long trips, they've been approved by an independent committee of Germany's finest back health experts and medical professionals.

16-way adjustable seating gives you plenty of settings for the lumbar area, seat cushion, and seat position.

VX_CRO_33097

¹Standard on certain models, the ergonomic active front seats are certified by the AGR (Aktion Gesunder Rücken), which translates as the Campaign for Healthier Backs.
