2013 Models Edition 1

Proud Sponsor of Home Nations Football

WELCOME TO A LIFETIME OF FORWARD THINKING

1903 – Forward thinking has been in our nature from the very start. The 6HP, our first ever car, had two forward gears. And no reverse.

1922 – The Silver Arrow OE 30-98 was capable of speeds of over 100mph, this model was built for shipping magnate Sir Leonard Ropner to race at Brooklands.

1937 – The Vauxhall 'H'-type, the first British car to have integral construction.

1957 – The PA Cresta introduced Americana styling to the UK.

1984 – The MkII Astra introduced class-leading aerodynamic styling that still looks good today. The Formula Vauxhall Lotus ran a modified version of the Astra GTE's 2.0i 16v engine.

1971 – The formation of Dealer Team Vauxhall (DTV). The track car was the precursor to our enormous success in touring car racing.

1999 – The Zafira introduced the revolutionary Flex7® seating system inventing the seven-seat compact MPV.

1990 – The Calibra was the world's most aerodynamic production car.

1989 – The Lotus Carlton was the world's fastest production four-door saloon.

2012 – The 'RAK e'. A radical looking electric concept car for the future. Our forward thinking continues.

2012 – Ampera. The first ever Extended-Range Electric Vehicle (E-REV) that redefined electric vehicle innovation leading to it being voted European Car Of The Year 2012.

Scan this QR code with your smart phone for more information on the last 110 years of Vauxhall innovation. Don't forget to download a QR reader from your app store first.

The world was a very different place in 1903 when Vauxhall made its first car. We steered with tillers, not wheels. Six horsepower was considered pretty nippy. And King Edward's face was still on the stamps. But for us, one important thing hasn't changed: we started out with a philosophy of Forward Thinking and, 110 years later, it still motivates everything we do. Who knows what innovations the next 110 years will bring?

The Vauxhall Lifetime Warranty. There's one thing every owner of a new Vauxhall can rely on. We're so confident in Vauxhall quality and reliability that we are now able to offer a lifetime warranty. It's available to the first owner of all our new Vauxhall passenger cars and valid for the lifetime of the vehicle up to a maximum of 100,000 miles. So you've got year after year of carefree driving to look forward to...

Please see back cover for full details of the Vauxhall Lifetime 100,000 mile warranty.

Antara SE

ANTARA

COTTON

Explore your enthusiasm for creativity.

A smart look, complete with flowing curves and perfect proportions – Antara has an expressive yet rugged style about it, especially in new Diamond form. Compact, sophisticated, yet tough, dynamic and now, more than ever, ready for an active life. Imposing alloy wheels, roof rails and protective skid plates. Be inspired by your Antara – wherever your drive takes you.

The image shows the interior of a car, focusing on the front seats. The seats are upholstered in a rich, brown leather with visible stitching and a quilted pattern on the backrests. The center console is visible in the foreground, featuring a gear shifter and handbrake. The car's interior is well-lit, and the windows in the background show a glimpse of the outside world.

Explore your passion for the finer things in life.

The Antara interior is full of light and space, with high quality trims, premium finishes and top-of-the-range levels of equipment. Leather trim, electronic climate control, satellite navigation, MP3 format and heated front seats are all available. The electric parking brake function also frees up space for even more storage. And a high driving position gives you confidence, control and a great view of the road ahead.

Start/Stop technology. Available on both FWD and 4X4 2.2CDTi 16v manual diesel models, the innovative Start/Stop system switches the engine off when you stop at the lights or in traffic, then restarts it automatically once the clutch is depressed. A huge range of built-in checks ensures passenger and vehicle safety at all times, of course. Engine stop is indicated by the rev counter needle in the AUTOSTOP position.

Front-wheel drive. Available on Exclusiv and Diamond models only and mated to the 163PS version of the 2.2CDTi 16v diesel unit, it offers the perfect choice for those who are looking for more affordable Antara motoring and the associated maximum fuel economy benefits.

Intelligent four-wheel drive. The electronically controlled Antara system switches automatically between two- and four-wheel drive as conditions demand. In normal driving, power goes to the front wheels only, saving fuel at the same time. And when conditions turn difficult or slippery, four-wheel drive is automatically engaged, switching the drive as required to the front and rear wheels for optimum traction.

2.4i 16v petrol engine. This efficient multi-valve four-cylinder petrol engine develops 167PS and is available on Exclusiv FWD models only.

Efficient 2.2CDTi 16v diesel. Available in two versions – a 163PS unit with 350Nm of torque on Exclusiv, Diamond and SE Nav models and on SE Nav models only, a 184PS variant with an equally impressive 400Nm of torque. Not only is this engine more powerful than the previous unit, it is both quieter and smoother and offers up to 15% better fuel economy with manual transmission. In addition CO₂ emissions are vastly improved – the front-wheel drive model achieves 160g/km.

Diesel Particulate Filter (DPF). Diesel Particulate Filters provide an effective means of reducing particulate emissions into the atmosphere. The maintenance-free Antara unit can cut the output of harmful emissions by over 90%. That's why it's standard equipment.

Automatic transmission. Rare for this class, a six-speed ActiveSelect[®] automatic transmission is available (at extra cost). Electronically controlled features include an adaptive driving function plus an eco mode that maximises use of higher gears for improved fuel economy – which in combination with the 2.2CDTi unit means almost a 10% improvement over previous automatic models.

Six-speed manual transmission. Antara's multi-valve petrol and diesel engines come with a slick but sturdy six-speed manual gearbox as standard. The manual front-wheel drive diesel model achieves an impressive 46.3mpg on the combined cycle.

Electronic Stability Programme (ESP). Antara benefits from a unique interaction between ESP, Traction Control (TC) and Descent Control System (DCS), all working together with the ABS system and on 4X4 models, intelligent four-wheel drive to deliver high degrees of driving satisfaction, comfort and active safety. If a wet roundabout or muddy corner catches you out, ESP applies corrective braking to help you regain control. TC helps maintain traction under acceleration. The ESP system fitted to the Antara also includes a trailer stability program and Hill Start Assist (HSA) that eases starting and eliminates roll-back on gradients.

Descent Control System. DCS enhances driver control on slippery slopes by maintaining a constant incline descent speed. Fitted as standard equipment, it allows drivers to make potentially tricky descents far more comfortably and at safer, constant speed.

Safety features. Antara protects you in so many ways. Front, side and full-size curtain airbags are standard, along with pyrotechnic body-lock seatbelt pretensioners for the front and outer rear seats. Adaptive brake lights flash when the ABS braking is activated.

Dual front seatbelt pretensioners. Working in tandem with the built-in front seat ramps they help to minimise the forward movement of the body during emergency braking. They also help enhance the effectiveness of the front airbags.

Tyre pressure monitoring system. Antara SE Nav models permanently monitor individual tyre pressures using sensors located on the tyre valves, displaying the information on the screen. If a significant pressure loss is detected, the display identifies the offending tyre.

Passenger airbag deactivation. The front passenger's airbag can be deactivated when a child seat is fitted.

Front lights. For safer winter driving, front fog lights are standard on every model, recessed into the lower valance. Xenon headlights, with dynamic beam levelling and high-pressure washers, are standard on Antara SE Nav models. Our clever door-to-door illumination feature keeps the dipped headlights and rear lights on for 30 seconds to light your way as you leave the car.

Parking distance sensors. Standard on all 4X4 models, this clever Vauxhall system helps safeguard your car when parking. Sensors in the bumpers provide an audible warning when they sense an object behind – or in front of – the vehicle, making it altogether easier to park.

Security features. Remote control central deadlocking, ultrasonic security alarm system and an electronic engine deadlock immobiliser are standard.

TRUCK & CONNECT

R135

Get connected. And stay connected on the move with the Touch and Connect touch-screen navigation system complete with USB connection and Bluetooth® technology. Standard on SE Nav models and optional at extra cost on Exclusiv and Diamond diesel models, this sophisticated system packs all the latest technology.

- Five-inch touch-screen colour display and steering wheel control for easy, intuitive operation
- Dynamic navigation with bird's eye view map
- Navigation data for 28 European countries on SD card
- CD/MP3 CD player
- Aux-in socket and USB connection with full control and browsing capability for portable MP3 players
- Bluetooth® wireless connectivity for hands-free calling and audio streaming with detailed track information on display
- Four x 20 watts per channel output and seven premium speakers

Seating position. You don't just sit high up in Antara. You relax in total comfort, thanks to driver's seat height, tilt and lumbar adjustment, plus a reach and rake adjustable steering column. Both models feature heated front seats – with three separate heat settings as standard.

CD 40. Standard on Exclusiv and Diamond models, this unit features seven speakers and steering wheel mounted audio controls. There's also an aux-in socket so you can play favourite tracks direct from your personal MP3 player as well as a separate USB connection which allows you to view iPod and memory stick functionality via the audio display.

Bluetooth® connectivity. All models now feature Bluetooth® connectivity as standard enabling you to operate your phone's key functions from the steering wheel, the audio unit or via voice control (when enabled on the mobile phone).

Electric parking brake. The electric parking brake is easy to apply and also has an automatic release function to ease driving off on slopes.

Cruise control. Standard on all 4X4 models, the easy-to-use cruise control system allows you to maintain a steady speed without keeping your foot on the throttle. So it's more comfortable on long journeys and easier to keep to speed limits too.

Sensing features. The Antara driver environment is packed with clever ideas helping you concentrate on the road ahead. On SE Nav activate the rain-sensitive wipers and they'll switch on automatically when it rains. Automatic lighting control does the same for the headlights when it starts to get dark.

Leather trim. Antara SE Nav models feature stylish leather seat trim in Charcoal, Saddle Brown or a Light Titanium finish to suit your exterior colour. Diamond models feature the Charcoal or Light Titanium choices. The leather seat finish is complemented on both models by contrasting trim on the fascia and doors, adding to the upmarket feel.

Front centre armrest. The centre console includes a comfortable armrest. Open the lid and you'll find more storage space for loose items like sweets, coins, CDs and other personal effects.

Heat-reflective windscreen. The SE Nav features a multi-layered coating inside the windscreen which reflects the sun's heat, helping the electronic climate control maintain a pleasant – and constant – temperature inside the car.

Air conditioning and ECC. Standard on Antara Exclusiv and Diamond, air conditioning makes for a fresher interior atmosphere all year round. SE Nav models move up to dual-zone Electronic Climate Control enabling you to maintain the interior temperature to within a single degree. All models feature rear heater ducts.

Front floor console. The electric parking brake has freed useful space for the centre console. On all models, the centre floor console contains two drinks holders and a convenient open storage compartment. The armrest opens to reveal capacious storage for journey needs and personal items.

Rear drinks holders. Mounted in the rear seat centre armrest, the two drinks holders are the perfect place for en-route refreshments and typical of Antara's attention to rear passenger comfort. The armrest also features a useful storage facility.

Heated front seats. On all models, heating elements in the seat backs and cushions enable the front seats to reach a comfortable temperature in a very short time. There are three separate heat settings.

Spacious load area. Open the tailgate. Enjoy the space. An incredible 1420 litres of loadspace to be exact – with the rear seats folded forward. Even with all five seats in use, and the luggage compartment cover in place, a 928mm long floor length translates to as much as 420 litres of loadspace – easily enough for several large suitcases. If you need room for longer luggage, the rear seat back is 60/40 split-folding, so you can carry what you need and still have room for rear seat passengers.

Fold-flat front passenger's seat.

The fold-flat facility for the front passenger's seat on SE Nav models allows the seat back to fold forward to accommodate extra-long items.

Practical storage. Antara has plenty of clever storage space. In the front you'll find door pockets, drinks holders, a sunglasses storage pocket (SE Nav only), passenger seat undertray and storage in the front centre armrest. There are drinks holders and front seat back storage pockets for rear passengers too.

Roof rails. Antara's stylish silver-effect integral roof rails don't just look good. They're the perfect starting point for the Vauxhall roof rack system. Attach the accessory base carrier and it's ready for a wide range of lockable travel boxes and other specialist fittings for skis and more.

60/40 split-folding rear seat. Antara models feature a 60/40 split-folding rear seat with adjustable backrest. Tilted forward into the upright position, these provide extra usable luggage capacity.

Exclusiv

Standard features include:

- Electronic Stability Programme
- Anti-lock Braking System
- Descent Control System
- Hill Start Assist
- Six airbags
- Air conditioning
- Electrically heated front seats
- Steering column adjustable for reach and rake
- 3-spoke leather-covered steering wheel
- Leather-covered gear knob (manual models only)
- Front fog lights
- Dark-tinted glass (excludes windscreen and front door windows)
- Automatic self-levelling rear suspension
- Silver-effect roof rails
- Electrically adjustable/heated door mirrors
- Electric parking brake
- CD/MP3 CD player/USB/aux-in socket/stereo radio (CD 40)
- Mobile phone system with Bluetooth®
- 17-inch alloy wheels
- Remote control alarm system
- Rear seat centre armrest with cupholders

Four-wheel drive models also feature:

- Trip computer and Graphic Information Display
- Cruise control
- Traction control
- Parking distance sensors front and rear
- 18-inch alloy wheels

Genuine Vauxhall accessories are the right choice for your Antara. Whatever you're into, there's certain to be a genuine Vauxhall accessory with your name on it, all fitted by trained Vauxhall professionals. We've only featured a small selection of what's available here, so please check with your Vauxhall retailer for accessory availability information or visit our website at www.vauxhall.co.uk/accessories

Aluminium base carrier*. The roof rack system begins with this lockable base carrier, comprising two T-track roof bars which support a wide range of products from Thule, including bicycle carriers and roof boxes (illustrated far right).

Detachable coupling tow bar with 12N electrics. If you want a tow bar coupling that can be removed from your vehicle when you're not towing, this is the choice for you. The coupling is easily mounted and detached for maximum convenience.

Velour and rubber floor mats. Hard-wearing and designed specifically for Antara, our velour or rubber floor mats are the best way to protect your car's interior.

FURTHER ACCESSORIES INCLUDE:

- Alloy wheels
- Safety Pack
- Thule roof boxes and bicycle carriers
- Fixed or detachable tow bars with 7- or 13-pin connection
- Rear parking distance sensors
- Load-restraining net
- USB multimedia connection
- Door sill covers
- Front passenger seat net
- Rear bumper protection film

*Product may vary from image shown. Model illustrated (main image right) features aluminium base carrier fitted with Thule Ocean 80 roof box and side-window air deflectors.

FlexOrganiser®. Antara is pre-fitted with mounting points for our innovative accessory FlexOrganiser® system – side rails with sliding hooks and specially devised storage nets and pockets. With all your belongings safe in predefined compartments, it's the smart, versatile way to manage your load area.

Reversible anti-slip cargo liner. Our strong and sturdy Charcoal-coloured cargo mat is tailor-fitted to the luggage compartment and perfectly matches the car's interior. Reversible design features carpet with Antara lettering on one side, and easy-to-clean anti-slip surface on the other.

Mud flaps. Specifically tailored for all Antara models they are designed to help protect the vehicle's bodywork against mud, salt and stones whilst aiding visibility for following vehicles by reducing spray in wet weather.

iPad cradle. Secure your iPad to the headrest with this easily-removable cradle from Vogel. Secure and convenient it enables a back seat passenger to conveniently enjoy full iPad functionality whilst on the move. Compatible with iPad 2 and 3. (iPad not included.)

Irmischer

Styling

Developed in conjunction with auto design specialists Irmischer International, Antara styling accessories perfectly complement the vehicle's lines, as well as being manufactured to the same exacting standards as the car itself.

Create a distinctive look for your Antara with the cross hatch front grille from Irmischer. Featuring an aluminium upper strip with a laser-etched 'Irmischer' logo, it adds a touch of individuality.

For an individual look the body-colour rear roof spoiler is the perfect choice for your Antara.

Show your true colours. Antara is available in a carefully selected range of paint and interior finishes.

*VED = Vehicle Excise Duty. Correct at time of publication.

Fuel consumption and CO₂ emission data complies with the relevant EU testing regulations used by vehicle manufacturers to enable comparisons between different models. **Important:** Please note fuel consumption can be affected by many factors including driving style, road and traffic conditions, vehicle mileage and standard of maintenance. In addition these results relate to the particular vehicle tested, inevitably there will be differences between individual vehicles of the same model.

Tyre rating

Tyre size	Fuel efficiency group	Wet grip performance	External noise	
			Measured (dB)	Group
235/65 R 17	C	C	71	
235/55 R 18	E	C	71	
235/50 R 19	C	C	71	

Tyre rating according to EU Regulation 1222/2009

Smarter driving tips

- **Drive at an appropriate speed:** Staying within the speed limit increases driver safety, reduces CO₂ emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph
- **Drive smoothly at all times:** Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking
- **Reduce your revs:** Change gear earlier to help reduce fuel consumption – try 2500rpm with petrol engines and 2000rpm with diesel
- **Idling is wasting fuel:** If you're likely to be at a standstill for more than three minutes, switch off the engine to save fuel
- **Regularly check your tyre pressures:** Under inflated tyres increase CO₂ emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres
- **Remove unnecessary items from the car:** Extra weight increases the engine's workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO₂ emissions

Comprehensive specifications and technical data is available in the PDF price/specification guide available at www.vauxhall.co.uk under 'Request a brochure'

Trust Vauxhall

Company Car Driver 3 Day Test Drive

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

To book your free* test drive just log on to www.vauxhall3dtd.co.uk or call **0870 240 4848****

Fleet Customer Services

Our dedicated support services for fleet decision makers include factory demonstrators and information on whole life costs, company car taxation and finance.

For further information please call **0870 010 0651**.

E10 Fuel

E10 fuel is cleared for use in all petrol-engined Vauxhall vehicles excluding models with the 2.2 litre direct injection petrol engine (code Z22YH) used in Vectra, Signum and Zafira models. Owners of these vehicles should continue to use regular unleaded or premium unleaded petrol.

Vauxhall Lifetime Warranty

We're so confident in Vauxhall quality and reliability that we are now able to offer a lifetime warranty. Available to the first owner of all new Vauxhall passenger cars, it's valid for the lifetime of the vehicle up to a maximum of 100,000 miles[†]. In addition, our warranty also includes Vauxhall Assistance for 12 months from first registration and six years body panel anti-perforation warranty. Full details of Vauxhall's warranties including terms, conditions and exclusions can be obtained through any authorised Vauxhall retailer or go to: www.vauxhall.co.uk/warranty

LIFETIME
WARRANTY 100,000 MILE

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants, congestion charges, parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over; have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

†Vauxhall Lifetime Warranty covers lifetime ownership of first car owner; 100,000 mile limit, annual check required. The warranty excludes wear and tear and serviceable items and the vehicle must be serviced in accordance with the manufacturer's servicing schedule to continue the lifetime warranty. Terms and conditions apply. Offer available to all Vauxhall passenger cars (this offer does not apply to car-derived vans) from 1st August 2010.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (February 2013).
