

NEW VIVARO

2015 Models Edition 1

Proud Sponsor of Home Nations Football

The Wheels of Business. Helping you deliver.

Whatever your line of business, Vauxhall Commercial Vehicles can help you deliver. With four different award-winning models – Corsavan, Combo, Movano and New Vivaro – we offer a massive choice of over 350 variants including panel vans, chassis cabs, crew

cabs, platform cabs, tippers, dropsides, box vans and passenger carriers. We're also committed to keeping your business moving. That means reliable, fuel-efficient vehicles – including our new ecoFLEX range – supported by a dedicated network of over 400 retailers

offering the expert support and back-up you need. We build more commercial vehicles at our British production facilities than any other UK manufacturer – indeed, 44,000 vans were built in the UK in 2013 alone. We've also won over 25 industry awards since 2010 –

major awards, presented by some of the toughest judges in the business. Introduce the in-built reassurance of the Vauxhall brand and it's easy to see why Vauxhall Commercial Vehicles really are 'The Wheels of Business'.

NEW VIVARO. BUILT TO TAKE IT ALL.

As the proud successor to a model that clocked up more than 950,000 units in over 13 years' continuous production at our Luton plant, New Vivaro seizes the mantle of its illustrious predecessor and moves the game on – big time! With bold new styling, ultra-efficient engines and all-new in-cab connectivity that turns the working environment into a mobile office – New Vivaro is truly built to take it all.

Siberia Challenge

Underlining its inbuilt reliability, durability and sheer dependability, the all-new, British-built Vivaro recently undertook a 12,000 mile road trip across Europe and Asia. Starting out from the Luton factory the journey – from Europe's most westerly road to Asia's most easterly – took in two continents and 17 countries on route to Siberia. Please see page 50 for the full story.

Some of the vehicles shown include options and accessories available at extra cost. And not all of the features, options or accessories described are available on every model. So please check the Equipment and Technical Data section for further details. From time to time we may also offer alternative models such as Special Editions which are featured in separate literature or can be found on the Vauxhall website: www.vauxhall.co.uk/vans

BUILT TO BE VERSATILE.

New Vivaro

BUILT TO PERFORM

New Vivaro looks tough because it is tough.

It's been completely redesigned to improve performance in every way. In Panel Van, Doublecab, Combi and Platform Cab variants. And remember, it's built in Britain to the toughest standards so it's robust enough to take everything you can throw at it – and in it.

Designed to perform with a tough new look

Engineered to last

Built in Britain to the highest standards

New Vivaro

BUILT TO WORK HARDER

Well-equipped with a host of convenience features, New Vivaro is built to work harder with intelligent cab design and is loaded with clever but practical ideas that help get the job done.

Practical ideas for maximum ease of use

Innovative cab design creates a virtual mobile office

Enhanced storage features assist your daily working routine

VX_VIV_21526

BUILT FOR THE LONG HAUL

The all-new interior is exactly that. New.

We've improved the driving environment so you sit more comfortably, with everything you need right at your fingertips. Then there's an improved infotainment system, which means you're well connected and have all your entertainment at hand. On top of all that, the New Vivaro is better to drive than ever.

Enhanced cab design for total comfort and control

Great place to be, great to drive however long the journey

Stay in touch with high levels of infotainment and communication

BUILT TO BE MORE FLEXIBLE

The efficient New Vivaro doesn't only strike the perfect balance between performance and running costs. It also takes a more flexible approach to load carrying.

Combining a bigger cargo area volume and superb payload capacity with two wheelbase options and the availability of the FlexCargo bulkhead option, the New Vivaro panel van can carry even challenging loads with ease.

FlexCargo bulkhead available for loads of up to 4150mm in length

Improved loadspace dimensions enable L1 models to hold 8ft x 4ft sheets

Payload capacity up to 1281kg

BUILT TO TAKE YOU FURTHER

The robust New Vivaro isn't just more efficient. It makes your whole business more efficient.

With its superb new range of flexible and efficient turbo-diesel engines and our innovative ECO mode system, this is an altogether more cost-effective Vivaro with smooth power delivery allied to improved economy and reassuringly low CO₂ emissions.

Impressive fuel economy of up to 47.9mpg (combined figure)

CO₂ emissions as low as 155g/km

New turbo diesel engines deliver up to 140PS and 340Nm

New Vivaro

BIG STEPS. SMALL FOOTPRINT

New Vivaro maintains Vauxhall's commitment to reducing the impact of its vehicles, both in terms of operating efficiency and the effect that manufacturing has on the wider environment.

ecoFLEX technology

- Help reduce fuel consumption to cut operating costs
- Achieve higher mileage with a lower carbon footprint
- BiTurbo models include ECO mode for maximum efficiency

ECO mode

- Optimises key system settings
- Prompts more efficient driving

Start/Stop

- Saves fuel and reduces emissions
- Cuts/restarts the engine when appropriate

Brake energy regeneration

- Re-uses energy recovered from vehicle braking
- Helps reduce overall fuel consumption

ecoFLEX

New Vivaro

ENGINES AND TRANSMISSIONS

Delivering more power combined with lower emissions and impressive fuel economy, New Vivaro's smaller displacement – but no less efficient – Turbo and BiTurbo diesel engines deliver the perfect mix of day-to-day performance and competitive fuel consumption. At the same time, our latest ECO system technology – allied to our proven Start/Stop functionality – ensures operating costs are held firmly in check.

New BiTurbo engines

- Frugal, sequential twin-turbo system
- Lag-free acceleration at any speed
- 1.6 BiTurbo 120PS/140PS available with Start/Stop technology

Quiet, clean and efficient diesel engines

- Variable-displacement oil pumps reduce fuel consumption
- Low-maintenance chain-driven camshafts
- Multi-point fuel injection for low emissions and high performance
- Optimised thermal management increases efficiency

VX_VIV_21588

Award-winning technology

With its superb new range of flexible and highly economical turbo-diesel engines, this is an altogether more cost-effective Vivaro, with engines delivering up to 140PS and 340Nm, CO₂ emissions as low as 155g/km and impressive fuel economy of up to 47.9mpg (combined figure). Indeed, its sophisticated 1.6 litre BiTurbo CDTI with sequential turbocharging and twin-cooler system has already been presented with the prestigious Innovation Award in the *Van Fleet World Honours* 2014.

ENGINES AND TRANSMISSIONS

	Maximum power	Maximum torque	Fuel economy mpg (litres/100km)*			CO ₂ emissions (g/km)*

New Vivaro

PANEL VAN

Versatility and flexibility in equal measure.
Whatever you need, the New Vivaro has it all.

Access and loadspace features include:

- Choice of two wheelbases
- Easy-access, 1m-wide nearside sliding side-loading door
- Full-height steel bulkhead
- Unglazed rear doors (90/165° opening)
- Illuminated load area
- 12-volt electrical accessory socket in load area
- Side and rear doors take a Euro pallet with ease
- Up to 8.6cu.m (303.7cu.ft.) max. loadspace volume
- 2023mm or 2423mm standard load floor lengths
- FlexCargo bulkhead extends loadspace length to up to 4150mm (standard on Sportive models only)
- Floor-mounted, load-securing eyes
- Payload capacity up to 1281kg

Not all features and options are available on every model. Please refer to the Equipment section on pages 52-57.

1. Euro-pallet friendly. Specifically designed to carry Euro-pallets, New Vivaro can accommodate up to three pallets, even on L1 models. Assisted by easy side access, the generous 1.2m width between the rear wheel arches also makes the new van suitable for carrying wide loads such as 8ft. x 4ft. plywood sheets.

2. Flexible loadspace. Standard on Sportive and optional on Panel Van models, the FlexCargo bulkhead allows loads of up to 4150mm in length to be accommodated with ease.

New Vivaro

DOUBLECAB

The Doublecab matches practical and comfortable crew transport to excellent loadspace and payload.

Access and loadspace features include:

- Choice of two wheelbases
- Twin sliding side-access doors with fixed windows
- Up to 4.0cu.m (141.3cu.ft.) max. loadspace volume
- High-strength ABS plastic bulkhead with window
- Half-height sidewall trim with storage pocket
- Three-passenger rear bench seat
- Bench seat with additional storage, armrests, ISOFIX child seat restraint system on outer seats and 12-volt electrical accessory socket (Sportive models only)
- Unglazed rear doors (90/165° opening)
- Glazed rear doors or glazed tailgate (optional)
- Heated rear window and wash/wipe (optional)
- Rear doors take a Euro pallet with ease
- 1354mm or 1754mm standard load floor lengths
- Additional loadspace under rear bulkhead extends loadspace length to up to 2439mm (L2 models)
- Floor-mounted load restraint lashing eyes
- Payload up to 1061kg

Not all features and options are available on every model. Please refer to the Equipment section on pages 52-57.

1. Twin sliding side-access doors. The extra-wide door opening ensures easy passenger access while the individually-contoured rear bench seat accommodates up to three passengers in complete comfort with excellent leg room and raked rear seat backs.

2. and 3. Loads of loadspace. There's instant access to underseat storage in the passenger section, plus up to 4.0cu.m of usable loadspace.

COMBI

The Combi* provides generous accommodation allied to generous luggage space and is ideally suited to hotel and airport shuttle bus work and private-hire companies.

Combi standard features include:

- Nine-seat configuration with choice of two wheelbases
- Twin sliding side-access doors with fixed windows
- Three-passenger second and third-row bench seats
- 60/40 split-folding seat back for second-row bench seat
- Fold and tumble facility for third-row bench seat
- Removable second and third-row bench seats
- Inertia-reel lap and diagonal seatbelts for all seats
- Glazed tailgate with heated rear window and wash/wipe facility
- Rubber floor covering
- Half-height sidewall trim
- Load restraint lashing eyes for load area
- Appearance Pack option available (see page 43 for full details).

Not all features and options are available on every model. Please refer to the Equipment section on pages 52-57.

*Available from February 2015.

1. Second-row split-folding rear seat. The easy-to-operate split-folding seat back allows convenient access for third-row passengers.

2. Nine-seater comfort. Combi offers comfortable seating for up to eight passengers.

3. and 4. Additional comfort. Optional rear air conditioning controls and a separate rear heater are also available for Combi.

MORE VERSATILE

VX_VIV_21530

Available in a choice of short and long wheelbase models, New Combi delivers the perfect blend of passenger carrying ability and load carrying potential. The dynamic new look and improved interior can be further enhanced with the addition of the Appearance Pack, see page 43.

1. Transport for up to eight passengers.

With maximum versatility assured through its mix of foldable/removable seating configurations, Combi provides transport for up to eight passengers, making it ideal for transporting work crew. Generously proportioned rear sliding doors make Combi easy to enter and exit, heightening the model's potential as a courtesy vehicle.

2. and 3. Rear seat combinations. With its tumble and fold or removable third-row seating, Combi can accommodate the required mix of passengers and luggage with ease.

4. Versatile and adaptable. With the second and third row seats removed, the vehicle can even double as a conventional Panel Van, should the need arise.

WELCOME TO YOUR OFFICE

New Vivaro's interior reflects Vauxhall's understanding of the challenges faced by van operators in their daily working lives. Comfort and control levels are optimised right across the cab, along with enhanced infotainment connectivity. Premium quality materials are used throughout for improved appearance, durability and owner appeal. Finally we've improved the interior ergonomics across the van, further enhancing the interface between driver and vehicle.

Fold-flat centre front passenger seat. The centre section of the fold-flat front passenger seat features a handy clipboard holder which can also be removed when necessary, leaving a handy, solid and flat surface. The unit also flips forward to create a lidded work surface, with hidden, secure storage for work paraphernalia – eg. maps, handbooks, general documentation – along with an additional drinks holder. The folding process takes just seconds. Standard on Sportive and optional on standard Panel Van models.

1. Aux-in and USB. Most audio units feature integrated aux-in and USB ports within the fascia, enabling drivers to connect their mobile devices and access a wide range of multi-media files. An additional USB port is fitted in the upper fascia to enable the charging of mobile phones and MP3 devices.

2. The Vivaro fascia features nine storage spaces, providing more than 24 litres of storage volume in total. Highlights include a large, usable glovebox, upper fascia storage, three drinks holders and a handy driver's storage pocket.

3. The clipboard itself can be securely fastened in two positions, easily visible to either the driver or passenger. It's suitable for documents up to A4 in size, including contracts, invoices and general day-to-day paperwork.

4. Generous door pockets provide useful stowage space for maps, documents and other essential workday items.

1

ENHANCED CONNECTIVITY

With enhanced infotainment connectivity, New Vivaro is, quite simply, one of the best-connected vans on the market!

All New Vivaro models offer:

- Bluetooth® connectivity and USB for smart phones and MP3 players
- Digital radio
- Steering column-mounted audio and telephone controls
- Aux-in socket
- Optional satellite navigation system with integrated IntelliLink technology

1. NAVI 80 IntelliLink.* Features 7-inch colour touchscreen, Bluetooth® connectivity, audio streaming and advanced navigation functions – with maps that can be simply updated by USB download and data transfer. Better still, the IntelliLink system integrates the most important functions of your smartphone. The system also features voice commands for navigation.

*Available from January 2015.

VX_VIV_21545

VX_VIV_21591

VX_VIV_21592

VX_VIV_21529

2. R 16 BT USB. The entry-level system offers exceptional functionality featuring Bluetooth® and USB connectivity as well as digital radio as standard.

3. CD 18 BT USB. The CD 18 BT USB features the same specifications as the R 16 BT USB but adds a CD player and is configured in the double-DIN format.

4. Tablet docking station. Compatible with the R 16 BT USB, this facility allows tablets between 4.8 and 10.6 inches to be securely fixed in place for ease of use.

5. Smartphone docking station. This feature allows smartphones of up to a 4.7-inch screen size to be securely mounted within easy sight and perfect reach. Power is taken from the upper USB socket on the fascia.

NAVI 50. Specifically tailored to the new model's cab environment, the NAVI 50 unit provides drivers with an accurate and affordable navigation option. Key features include a 7-inch colour touchscreen, Bluetooth® connectivity, steering wheel mounted controls and MP3/WMA playback from USB and Bluetooth® audio streaming.

SAFETY AT WORK

Safety and security in the workplace and out on the road are key concerns for any business and New Vivaro is no exception. While many of its advanced active and passive protection features will be reassuringly familiar to Vauxhall drivers, the new model is more safe and secure than

ever. Standard safety equipment includes the very latest Electronic Stability Programme (ESP-plus) with integrated traction control, roll-over mitigation and hill-start assist, anti-lock braking system with electronic brakeforce distribution and emergency brake assist.

1. Optional rear-view camera. Activated automatically when reverse gear is selected, the system provides clear rearward vision by displaying in the rear view mirror. When fitted in conjunction with the optional NAVI 80 IntelliLink system (illustrated) the 7-inch screen is utilised.

2. Wide-angle blind spot mirror. Located in the passenger sunvisor, it provides additional visibility on unglazed Panel Vans.

3. Selective door locking allows the cab area to be unlocked independently of the load compartment, and vice versa, reducing the opportunities for theft. Standard on Sportive, optional on other models.

4. Keyless entry and start. Operated via a key card that slots into the fascia. Doors can be opened remotely via the key card and the engine is stopped and started via a button on the centre console. Optional on Sportive models only from January 2015.

5. ESP-plus with integrated roll-over mitigation. This system senses when the vehicle departs from the driver's chosen path. The roll-over mitigation feature constantly monitors the vehicle's behaviour and intervenes when it threatens to lean to one side, to help stabilise the vehicle.

VIVARO

Vivaro models open their account with a generous level of equipment that puts many rival models to shame.

Standard features include:

- Electric stability programme with traction control
- Electrically operated front windows
- Electrically adjustable/heated door mirrors
- Remote control central deadlocking
- ABS with electronic brake force distribution
- ECO mode
- Electronic engine deadlock immobiliser
- Full-height steel bulkhead (Panel Van only)
- Wide-angle blind spot mirror
- Six-way adjustable driver's seat with height adjustable armrest and lumbar adjustment
- Steering column adjustable for reach and rake
- Multi-function trip computer
- R 16 BT USB digital radio/AM/FM stereo radio
- Bluetooth® connectivity – USB and aux-in facility
- Steering wheel mounted audio and phone controls
- Illuminated glovebox
- Facia-mounted drinks holders
- Blue Tricess cloth seat trim
- Driver's airbag
- Dual front passengers bench seat
- 16-inch wheels

ACCESSORIES

Vauxhall options and accessories are all about choice – selecting your New Vivaro then personalising it to suit the way you work.

There's a comprehensive range of Genuine Vauxhall Accessories all designed and manufactured to the same exacting standards as the van itself.

We've only shown a selection of what's available here; for the complete range please contact your local retailer for further information.

VX_VIV_21583

1. Roof carrier system. The base accessory roof carrier system can be fitted with a steel roof rack complete with loading roller. A steel loading ladder and roof walk way are also available.

2. Roof carrier with rollers. Manoeuvre and secure goods on the roof easily and safely. And reduce the risk of chipping your van.

3. Base carrier. The sure-fire way to fasten long or awkward loads to the roof. The base carrier works best with a roof rack, ladder clamp, loading bars and load stop.

4. Rear mudflaps. The essential accessory designed to protect the lower bodywork against stone chips, grit and other road material.

5. Tow bars. Available in a choice of fixed or detachable, ball, jaw or pin design, New Vivaro's tow bars are available to suit the needs of customers looking for a trailer load of up to 2000kg.

6. Interior roof rack. Utilises the normally unused space under the vehicle roof to enable the loading of bulky items safely inside the load area.

7. Load area entry guard. Covers and protects the rear bumper when loading and unloading.

EXTERIOR COLOURS

Stylish hard-working vans deserve a striking paint scheme to match.

SOLID

Glacier White

Flame Red

Iron Grey

Spring Green

Ink Blue*

Due to the limitations of the printing process, the colours reproduced may vary from the actual colour. As a result they should be used as a guide only. Please note: Certain alternative colours are available for special order on New Vivaro. Restrictions apply so please consult your Commercial Vehicle retailer for more details.

SIBERIA CHALLENGE

Underlining the model's inherent reliability and durability, the all-new Vivaro recently completed a 12,000 mile road trip across Europe and Asia – the longest possible journey overland without crossing an ocean. The journey began at the Luton factory where the new model is produced.

The route tested the team across a challenging mix of high-speed autobahns, broken tarmac, tracks across Mongolia's vast Steppe and 2,000 miles of graded dirt in Siberia – a massive achievement for a standard front-wheel drive van. It included a stretch of the notorious M56 Kolyma Highway through the Russian Far East – often referred to as 'The Road of Bones'. The expedition, designed as a fundraiser for the charity Help for Heroes, saw a team including ex-soldiers, a mechanic and a medic embark on the journey of a lifetime in three Vivaro vans.

The route from Europe's most westerly road to Asia's most Easterly took in two continents and 17 countries. Final destination was the remote city of Magadan in Siberia. Needless to say, New Vivaro passed the test with flying colours.

For more details about the New Vivaro's incredible trek, log on to www.vauxhall.co.uk/siberiachallenge.

“This was the opportunity of a lifetime for the ex-servicemen and women to take part in a memorable two-month journey to help them re-adjust to civilian life. It was also the perfect opportunity to demonstrate that the all-new Vivaro is built to take it all.”

**Steve Bryant,
Brand Manager
Vauxhall Commercial Vehicles**

SAFETY AND SECURITY

Standard features • Electronic Stability Programme-plus (ESP-plus) with traction control • Anti-lock Braking System (ABS) with electronic brakeforce distribution • Emergency brake assist • All-round disc brakes • Driver's airbag • Driver's active-safety head restraint • Height-adjustable padded head restraints • Three inertia-reel lap and diagonal seatbelts (Doublecab-six/Combi-nine) • Height-adjustable outer front seatbelts • Pyrotechnic body-lock front seatbelt pretensioner system • Front seatbelt force limiters • Anti-submarining ramps in front seats • Side-impact protection beams • Laminated windscreen • Remote control central deadlocking with internal switch • Electronic theft protection for audio equipment • 'Key left in ignition' audible warning • Visible Vehicle Identification Number (VIN) • Alarm pre-installation kit • ISOFIX child seat restraint system on outer second-row seats (Doublecab)

INTERIOR FEATURES

Standard features • Vinyl floor covering in cabin area • Two bulkhead-mounted coat hooks • Fade down cabin area courtesy light • Door armrests • Front door pockets with bottle holder • Full-length, soft-trimmed saloon headlining (Combi) • Half-height interior saloon panelling (Combi) • Rubber floor covering (Combi)

● = Standard equipment. ○ = Optional at extra cost. □ = Only available as part of an extra-cost option pack. N/C = No-cost option.

1 = Only available in conjunction with dual front passengers' seat with storage, rotating clipboard, fold-flat centre and FlexCargo load-through bulkhead. 2 = Mandates single passenger seat and one-touch facility for electrically operated front windows. 3 = Mandates one-touch electrically operated windows. 4 = Start/Stop models only. Only available in conjunction with Sight and Light Pack. 5 = Only available in conjunction with Lighting Pack (standard models) or Sight and Light Pack (Sportive models). 6 = Only with R 16 audio unit, not available on Start/Stop models. Digital tachograph is not available with optional audio units. The digital tachograph option must be specified at time of ordering as it cannot be fitted retrospectively. Vehicles fitted with tachograph include odometer display, in kilometres, replacing standard odometer display on instrument cluster. Option price for digital tachograph does not include calibration which must be carried out at an approved tachograph centre within 14 days of the vehicle's registration. **Please note:** The legislation regarding the use of tachographs is complex and operators should seek independent advice or speak to the CV specialist within a Vauxhall Commercial Vehicle retailer to ensure compliance. Alternatively your local DVLA office will also be able to provide clarification of the relevant legislation. 7 = Only available on H1 models. 8 = Combi models are fitted with four speakers. 9 = R 16 BT USB audio unit with FLEXDOCK tablet docking station available at no extra cost in lieu of standard CD 18 BT USB audio unit. 10 = Requires cruise control on non-Sportive models.

SEATING

Standard features • Six-way adjustable driver's seat with height adjustment, armrest and lumbar adjustment • Three-passenger rear bench seat (Doublecab only)

Vauxhall Assistance and warranties*

Every New Vivaro comes with:

- A three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 100,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

* = Warranty is only available on vehicles sourced from General Motors UK Limited. Terms and conditions apply – please see your Vauxhall retailer for details.

Transmission

- Front-wheel drive
- Six-speed manual

Steering

- Hydraulic power-assisted rack and pinion system
- Energy-absorbing steering column
- Maximum turning circles (kerb-to-kerb):
L1 – 11.8m (38.7ft.)
L2 – 13.2m (43.3ft.)

Suspension

Front:

- Independent MacPherson strut with gas-pressure dampers

Rear:

- Independent four-link, progressive-rate, mini-block springs with gas-pressure dampers

Electronic stability

- Electronic Stability Programme (ESP-plus)
- Trailer stability programme (fitted when the optional tow bar is specified)
- Traction control

Brakes

- Anti-lock Braking System (ABS) with electronic brakeforce distribution
- Hill start assist
- Emergency brake assist

Front ventilated disc brakes:

296mm x 28mm

Rear disc brakes:

280mm x 12mm

Electrics

Maintenance-free battery: 80Ah

(Air conditioned models: 70Ah)

Alternator: 185A

(Air conditioned models: 150A)

Body

- Aerodynamic drag co-efficient: Cd 0.352 (ecoFLEX models Cd 0.34)

Fuel tank capacity

- 80 litres (17.0 gallons)

Wheels and tyres

Panel Van 90/115/120PS, Doublecab and Platform Cab models:

Note: Kerbweights for standard vehicles include coolant, oil, 90% full fuel tank and spare wheel. They will vary according to the vehicle specification (including options and accessories) with a corresponding variation in payload. **Payload** figures do not allow for the weight of the driver, or any passengers, which should therefore be deducted from the figures shown. **Gross plated weights** (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. **Roof load** should not exceed 200kg (150kg on H2 models) including the weight of the roof rack/carrier. **Sportive models:** Kerbweights are increased by 45kg on Sportive Panel van and 55kg on Sportive Doublecab models with a corresponding decrease in payload. * = Provisional data.

FOLDING THIRD-ROW SEAT

Combi's 'stow and fold' third-row seats (1-3) convert the 9-seat Combi into a six seater with additional luggage space, without having to remove any seats from the vehicle.

EXTERIOR DIMENSIONS mm (inches)

Heights shown unladen.

L2 H1 Platform Cab

Platform cabs

Platform cabs are ideal for those conversions requiring a low floor and walk-through access from the cab. The interface panel makes for easy integration of the cab with the conversion body, while an extended-length wiring loom is available to power the rear lights or extended conversions.

All conversions must follow 'Conversion Requirements' guidelines available on: www.vauxhall.co.uk/conversiondata

FUEL ECONOMY AND EMISSIONS*

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Kerbweight

The weight of the complete vehicle in standard form, excluding payload and driver but including coolant, oil, 90% full fuel tank and spare wheel where appropriate. Kerbweights quoted in Vauxhall brochures are subject to manufacturing tolerances and to the fitment of optional equipment and accessories. Where load capacity is critical the actual kerbweight should be obtained by weighing the vehicle on a calibrated public weighbridge.

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. This can be obtained by deducting the kerbweight from the plated Gross Vehicle Weight (GVW).

Please note: the payload figure does not allow for the weight of the driver or any passengers which should therefore be deducted from the figures shown and are also subject to correct weight distribution.

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated GCW. It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

Electronic Stability Programme-plus (ESP-plus)

New Vivaro's ESP-plus, incorporating traction control and hill start assist, goes one step further than the system usually found on Vauxhall's passenger cars. In understeer situations, the system automatically applies corrective braking to the appropriate rear wheel to correct the tendency; in oversteer situations, it automatically applies the brake to the appropriate front wheel. Because a commercial vehicle is also faced with significant weight and load issues which can influence this tendency to understeer or oversteer by affecting the centre of gravity, New Vivaro's ESP system also incorporates a load sensor that adjusts the intensity of the braking effort to suit the demands of the payload.

Trust Vauxhall

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards, won both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, see www.vauxhall.co.uk/recycling

Fleet Customer Services

Our dedicated support services for fleet managers include factory demonstrators and information on whole life costs, company car and van taxation and finance. For further information please call **0870 010 0651**.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical and electrical components. Terms and conditions apply. For further details please contact your local Vauxhall Commercial Vehicle retailer.

When you have finished with this brochure please recycle it

Business Lease

Business Lease, from GMAC, offers the versatility of a purchase-based finance plan, while making the most efficient use of tax and cash-flow benefits for VAT-registered business users. It's available for all Vauxhall Commercial Vehicles up to 12 months old and offers highly flexible term lengths, variable deposits and a choice of payment profiles. Ask your retailer for full details.

Business First

Available to business users only, Business First enables you to drive a new vehicle without a large, initial financial outlay. You pay to use the vehicle, not to own it. The vehicle is provided over a predetermined period, and when that period comes to an end the vehicle is returned. Ask your retailer for full details.

Servicing and maintenance

The best way to maximise the performance and reliability of your Vauxhall is to have all routine servicing and maintenance carried out at a Vauxhall Commercial Vehicle retailer. Nationwide there are over 250 light commercial vehicle retailers and a further 195 heavy commercial vehicle retailers.

In the event of an accident...

Vauxhall Accident Support helps keep you mobile following an accident. Benefits include scene-of-accident advice, message service, assistance with claims and vehicle recovery. For further details call **0800 010 304**.

Premier Van Centres

Our 100-strong network offers convenience, expertise and value. Enjoy while-you-wait repairs (if the parts are in stock), appointment-free service for diagnosis and transparent pricing. What's more, our Vauxhall-trained technicians will use genuine Vauxhall parts.

For more information...

For a brochure on any Vauxhall model (up to a maximum of three per caller) or location of your nearest retailer, call **0845 600 1500**.

Alternatively, details can be found on our website at: www.vauxhall.co.uk/vans
