Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 15% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall retailer of £560.87 (£645.00 including VAT), 12 months' Government Vehicle Excise Duty* (shown on each model page) and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the retailer, motor insurance or any other goods or services supplied by agreement between the retailer and customer.

* Correct at time of publication – 2 October 2009.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. General Motors UK Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 15%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

£2000 Government Scrappage Allowance

Further proof of our long-term commitment to the environment comes in our support for the government's £2000 Scrappage Allowance. Buy a new Vauxhall vehicle from a participating Vauxhall Retailer and we may offer you £2000 (whilst Government funding applies) to take your old, higher emission car or van off the road. At the time of ordering your new Vauxhall, your trade-in vehicle must meet the following criteria:

- You must have owned the vehicle for at least one year.
- It must have been registered in the UK before 31 August 1999 (ie. registrations up to and including 'T').
- Has a current tax disc and a current MOT certificate OR has a current tax disc and a current Hackney Carriage Licence OR has a MOT certificate that has expired no earlier than 14 days before the date of the new vehicle order.

Further terms and conditions apply so please consult your retailer for details or refer to www.vauxhall.co.uk

Effective from 3 August 2009

Tecshift six-speed transmission is available on 15/16/17-seat Minibus models for an additional £1000.00 (exc. VAT). Please consult your Vauxhall retailer for details.					
* = Prices do not include calibration which must be carried out at an approved tachograph centre within 14 days of the vehicles registration. Tachographs are compulsory on any Minibus with 10 seats or more used for commercial purposes. Exemptions apply, please consult the Commercial Vehicle specialist at your Vauxhall retailer for further details. The legislation regarding the use of tachographs is complex and operators should seek independent advice or speak to the Commercial Vehicle specialist at your Vauxhall retailer to ensure compliance. The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration and braking. These figures take account of the vehicle's kerbweight, ascertained in accordance with the above regulation. Important: the results given relate to the particular vehicle tested. Variations in trim level and equipment may result in slightly higher fuel consumption and CO₂ emission levels than those quoted. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of fuel consumption attainable.
