Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* (shown on each model page) and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the retailer, motor insurance or any other goods or services supplied by agreement between the retailer and customer.

* Correct at time of publication – 3 October 2011.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. General Motors UK Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.
